

Don't Get Left Behind, Switch from ClickSoftware to IFS FSM

2021

Optimal time to select a new FSM solution

2022

12-24 months to migrate and go live

2023

December 2023: Click 8.3 End-of-Life

Migrate from ClickSoftware to IFS FSM With Gogh Solutions

Click's 8.3 solution will be reaching end-of-life in December of 2023, which means now is the perfect time to let us help your business transition to a brighter and more sustainable future.

Gogh Solutions and IFS are the ideal partners for your ClickSoftware transition, with:

- ▶ Future-minded, forward-thinking, best-in-class IFS technology
- ▶ Certified Consultants in ClickSoftware 8.x
- ▶ Solutions that are easily configured to map even the most complex service use cases, offering cloud and on-premise deployment options, or a combination of both
- ▶ A collaborative, hands-on experience—with no surprises

Our FSM experts have over 18 years' experience working with Click, and know what it takes to transition from Click 8.3 to a new results-driven IFS FSM solution—in a way that impacts your business, employees, and customers for the better.
